Ecosostenibilità Sustainability

L'acqua è da sempre il simbolo della vita, di purezza. La maggior parte della superficie terrestre è costituita da acqua, di cui solo una piccola quantità è acqua dolce. L'inefficienza e le perdite dei sistemi di distribuzione ne diminuiscono in maniera massiccia la quantità effettivamente erogata. Per questo, una maggiore attenzione ai consumi e un'educazione alla riduzione degli stessi, ci può meglio aiutare a preservare nel tempo questa importante risorsa. Apell ha concepito perciò un percorso di produzione che, mantenendo ai livelli più elevati qualità ed estetica, tiene conto delle necessità ambientali e del risparmio delle risorse.

Water has always been the symbol of life, of purity. Most of the earth's surface is covered in water, only a small amount of which is fresh water. Inefficiency and leaks in distribution systems result in the amount of water actually dispensed being reduced considerably. Conserving this important resource for generations to come thus requires a greater focus on how we use water and education on how to reduce its consumption. With this in mind, Apell have devised a production path that takes into account environmental requirements and the need to save resources, while still maintaining the highest standards of quality and aesthetic content.

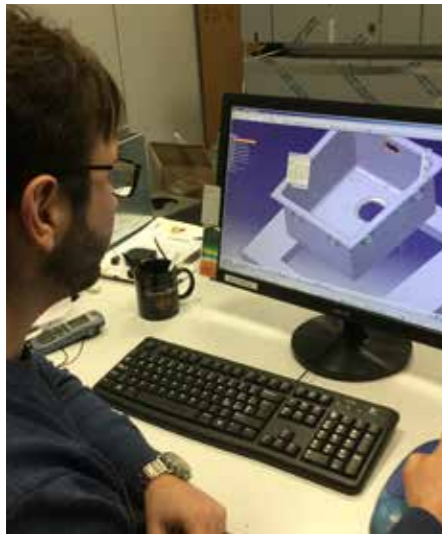

Il design non si manifesta come espressione estetica fine a se stessa, bensì come sintesi tra la necessità pratiche e l'adozione di una veste formale evoluta e riconoscibile. Una metaforica firma apposta su ogni pezzo delle collezioni Apell.

Rather than aesthetic expression for its own sake, design is a synthesis between practical needs and the adoption of a well developed and recognizable "shell". A metaphorical signature applied to every item of the Apell collections.

Produzione Manufacture

I nostri lavelli sono realizzati in acciaio austenitico che – in condizioni normali di utilizzo – è metallurgicamente non ossidabile.

I vari processi produttivi, per quanto automatizzati, sono tenuti costantemente sotto controllo da parte delle maestranze specializzate. Ogni prodotto porta con sé l'esperienza e la capacità produttiva Apell.

La tracciabilità è un'ulteriore garanzia della perfetta esecuzione di tutte le fasi produttive.

Our Sinks are made of austenitic steel which, under normal conditions of use, is not oxidable metallurgically.

All production processes, as automated, are constantly monitored by specialized workers. Each product brings with it the experience and capacity of Apell.

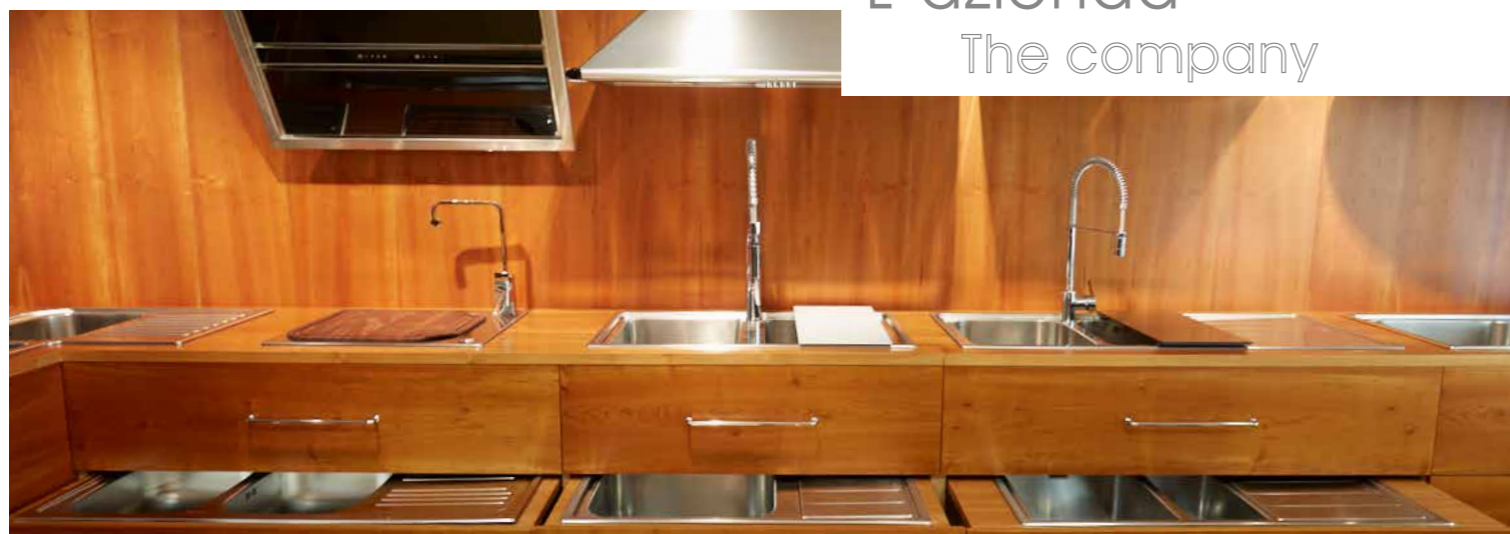

Traceability is a further guarantee of perfect execution of all phases of production.

Il Sistema integrato qualità, ambiente e sicurezza è tenuto costantemente sotto controllo da un ente esterno qualificato che certifica la correttezza delle procedure atte ad ottenere gli standard qualitativi prefissati, preservare l'ambiente e garantire la salute e sicurezza di tutti i lavoratori.

The integrated system "quality, environment and safety" is kept in check by a qualified outside Body that certifies the correctness of the procedures to obtain the quality standards set, preserve the environment and ensure the health and safety of all workers.

L'azienda The company

Passione, attenzione alle nuove tendenze, ricerca continua di soluzioni innovative. Un'esperienza con oltre trentacinque anni di storia. È con questi elementi distintivi che Apell ha saputo affermare la sua presenza sul mercato, fornendo ai propri partners soluzioni sempre nuove e affidabili.

L'acciaio inossidabile è l'indiscusso protagonista dei nostri oggetti.

L'esperienza su questo metallo ci ha permesso di acquisire preziose conoscenze che tutt'oggi rappresentano uno dei nostri punti di forza. Più recentemente, all'acciaio sono state abbinare moderne superfici in vetro, sviluppate in diverse tonalità, che conferiscono design ed eleganza, preservando pulizia ed igiene del prodotto.

Fare del lavello da cucina un prodotto originale ed esclusivo, capace di coniugare eleganza e modernità nelle forme con la praticità di pulizia per l'utilizzo quotidiano. Architetti e designer dal respiro internazionale, hanno contribuito a fare di alcuni dei nostri prodotti delle vere e proprie icone di riferimento, premiati con riconoscimenti prestigiosi.

Passion, attention to new trends, continuous research for innovative solutions. An experience started more than 35 years ago. Thanks to these distinguishing elements, Apell managed to strengthen its presence in the market, providing its Partners with increasingly new and reliable solutions.

Stainless steel as the unquestioned protagonist of our products.

Our experience with this metal has allowed us to gain precious knowledge that is currently one of our strengths. Recently, we started combining steel with trendy glass surfaces, coming in several shades, that perfectly match our typical features in terms of cleaning, hygiene, design and elegance.

Turning the kitchen sink into an original and exclusive product, able to combine elegance and modern design with easy cleaning for daily use.

International designers have contributed to turn some of our products into real icons, receiving prestigious awards.

Acciaio inossidabile Stainless steel

È igienico.
La compattezza delle superfici metalliche rende difficile l'annidamento e la sopravvivenza dei batteri. Per questo l'acciaio inox è impiegato in cucina.

È facile da pulire.
Con una minima manutenzione i prodotti in acciaio inox possono conservarsi come nuovi nel tempo.

È meccanicamente resistente.
I prodotti realizzati in acciaio inossidabile resistono agli urti ed all'abrasione.

È ecologico.
100% riciclabile.

È resistente alla corrosione.
Un film auto-rigenerante, lo protegge dal fenomeno della corrosione e consente alla superficie di ripararsi immediatamente anche quando graffiato.

It is hygienic.
The compactness of the metal surface makes accumulation and survival of bacteria difficult. This is the main reason why stainless steel is widely used in kitchens.

It is easy to clean.
With just very few maintenance activities, you can keep original aspect through the years.

It is mechanically resistant.
Products in stainless steel withstand knocks and abrasions.

It is ecological.
100% recyclable.

It is resistant to corrosion.
A self-regenerating film on the surface, protects it from corrosion and enables the surface to repair itself instantly even when scratched.

Gent.le Cliente,

siamo lieti di informarLa che il lavello Sinfonia è stato pre - selezionato per il premio "Il Compasso d'Oro".

Il "Compasso d'Oro ADI" istituito nel 1954 è il primo e il più autorevole premio europeo del settore ed ha lo scopo di valorizzare la qualità del design italiano.

Il premio viene assegnato sulla base di una preselezione effettuata da una commissione di esperti (critici, storici, progettisti, giornalisti specializzati) impegnati con continuità nel raccogliere informazioni, valutare e selezionare i migliori prodotti.

Ogni anno la commissione assegna agli oggetti selezionati la denominazione di qualità "ADI Design Index" e li segnala al pubblico in un annuario che porta lo stesso titolo.

Ogni tre anni la giuria internazionale del Compasso d'Oro sceglie gli oggetti da premiare esclusivamente tra quelli che, nel triennio precedente, sono stati pubblicati su "ADI Design Index".

È proprio su tale pubblicazione è stato inserito il lavello Sinfonia di Apell.

Questa segnalazione rappresenta per noi la conferma della bontà della strada intrapresa verso la continua ricerca e la creazione di oggetti ad un tempo eleganti e raffinati nella forme e nei materiali, versatili e funzionale nell'utilizzo di tutti i giorni.

Vorremo cogliere questa opportunità per rivolgere il nostro ringraziamento a tutti i nostri Partner che con continuità e con il lavoro di tutti i giorni portano questi concetti sui loro mercati di riferimento.

Apell S.p.A.

Dear Gentleman / Madam,

We are glad to inform you that Apell Sinfonia has been recommended for Il Compasso d'Oro as one of the best products of the "Italian Design" in 2008.

Il Compasso d'Oro, established in 1954, is the first and most important European Design Award and has the aim to enhance the quality of Italian Design.

A panel of Judges selected Apell Sinfonia together with one hundred of different outstanding designs and products that were published on ADI Design Index 2008; this publishing representing nomination for the authoritative and world-prestigious design award Il Compasso d'Oro.

Divided into different sections varying from Design for Living, Design for Environment, Design for Working and Services, Design for Individual up to Design for Exhibition and Visual Design, ADI Design Index includes products designed by well-known Companies and Studio design.

This recommendation is an important confirmation of all efforts Apell is investing in the creation of innovative concepts in washing, which are sophisticated and stylish in shapes, versatile and efficient for everyday use with respect for man and for the environment.

We wish to take this opportunity for thanking our Partners that are bringing these concepts all around the World through their activity.

Apell S.p.A.

Eleganza

ARPELL

Incasso _ Built-in

La gamma di lavelli ad estetica squadrata Eleganza nasce con l'obiettivo di proporre un nuovo concetto di sistema di lavaggio elegante e raffinato nelle forme, versatile e funzionale nell'utilizzo di tutti i giorni.

I ricercati accessori in vetro e acciaio perfettamente scorrevoli sul lavello e sul top ed utilizzabili come superfici di appoggio e di lavoro, permettono di chiudere completamente il lavello quando non utilizzato, conferendo un senso di ordine e di pulizia all'intera cucina.

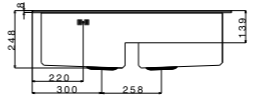

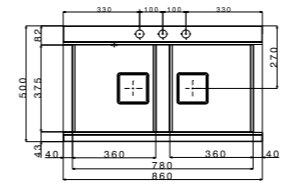

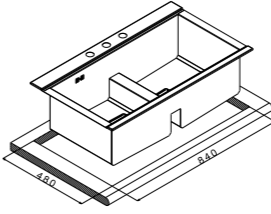

L'originale progetto della piletta di scarico a scomparsa con apertura automatica conferisce coerenza stilistica al prodotto, mantenendo inalterate facilità di pulizia e semplicità d'uso del sistema di scarico dell'acqua.

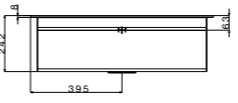

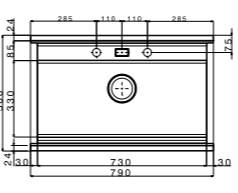

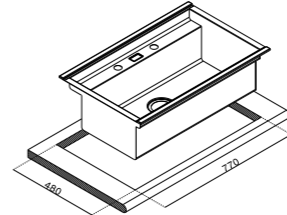

The square-shaped Eleganza sink range was conceived with the aim to offer a new, elegant and refined washing concept along with a versatile and functional everyday use.

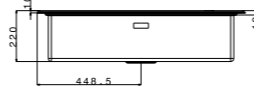

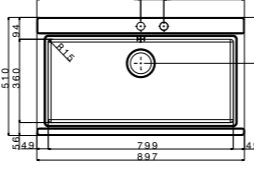

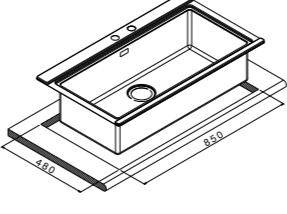

The stylish glass and steel sliding accessories covering the sink, besides providing a working surface, keep the sink closed and supply the kitchen with a tidy and neat look.

The original design of the concealed drain with automatic pop-up adds style and ease of cleaning to the sink along with a simpler way to drain water.

Il sistema di piletta a scomparsa

L'originale "sistema di piletta a scomparsa" conferisce coerenza stilistica al lavello e alla cucina eliminando le forme tonde della piletta poco integrabili con i concetti progettuali minimalisti del Sinphonia. Le speciali coperture in acciaio inox con 3 mm di spessore, inoltre, rendono il fondo del lavello completamente piano, adatto a poggiare qualsiasi oggetto.

The hide away drainer

The original "hidden away drainer" adds stylistic refinement to the overall design, thus eliminating the unpleasant round shape of traditional drainers, and providing stylistic coherence to the minimalistic design of the sink. The special 3 mm stainless steel drain outlet covers, provides the bowl bases with a perfect unique straight surface, ensuring that even small items and Glasses are kept erect.

Iris

Apell

Trasformare il lavello da un semplice accessorio della cucina ad un sistema di lavaggio articolato capace di scomparire quando non utilizzato: è questa la missione affidata a questa gamma progettata e realizzata per un pubblico esigente ma ad un costo accessibile. Iris è la versione più conveniente dei famosi lavelli "a scomparsa" della Apell.

Come una Lavastoviglie che si integra perfettamente quasi scomparendo nel contesto del mobile, così questo lavello, quando non utilizzato, si integra con il top aumentandone la superficie di appoggio grazie agli eleganti coperchi scorrevoli.

Iris is an amazing sink that can be turned into a complex washing tool and yet, concealed when not in use. This sink was designed for an exigent market and at a bargain price. Iris is the cheapest of the hide-away sinks from Apell.

Just like a dishwasher which can perfectly fit into the furniture design of the kitchen, this sink, when not in use, expands the surface of worktop thanks to its elegant sliding boards.

Criteria

EAPELL

Con l'innovazione e l'esclusività che da sempre contraddistinguono i lavelli Apell, abbiamo voluto scolpire un lavello con un design moderno e affascinante. L'elemento acqua traccia le forme non scontate e accattivanti di questo lavello. Lo scorrere naturale di questo nobile liquido farà da scenografia nell'utilizzo quotidiano trovando in essa un piacevole alleato in cucina.

Tutto lo spazio di cui avete bisogno. Una vasca enorme che assicura tutta la capienza che si possa desiderare.

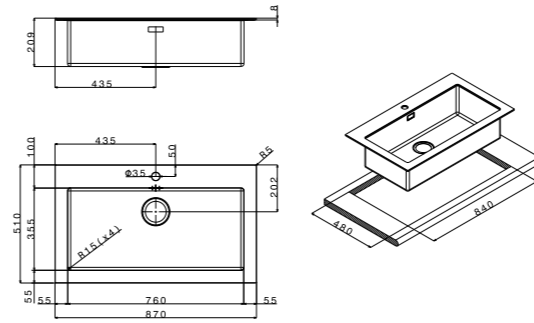

Innovation and exclusive design have always been a unique feature of Apell sinks. The Criteria sink is therefore modern and fascinating. Water shapes the unordinary and captivating characteristics of this sink. The gentle flow of this liquid is the setting for the everyday use of this pleasant kitchen implement.

Its large bowl guarantees the maximum capacity you could desire.

La nuova gamma di lavelli a raggio minimo nasce per coniugare eleganza e modernità nelle forme con praticità d'uso quotidiano e facilità di pulizia. Essa si colloca perfettamente nell'ambito di ambienti curati caratterizzati da linee sobrie e pulite soddisfacendo l'esigenza di una utenza sofisticata.

Angoli acuti e linee simmetriche sul gocciolatoio in aggiunta alla robustezza del lavello assicurano una bellezza che dura nel tempo, arricchita ulteriormente dalla copertura in acciaio delle Pilette.

Progettato e realizzato per soddisfare tutti i fabbisogni dei nostri clienti.

I lavelli Linear Plus completano la propria famiglia con i nuovi modelli Incasso Lama. Il bordo perimetrale, rettificato e smussato, dona morbidezza al tatto ed integra perfettamente il lavello nel Piano di lavoro.

The new range of minimum radius sinks was conceived with the goal to combine elegance and modernity along with practical use and ease of cleaning. This sink perfectly fits into sleek and neat surroundings, fulfilling the needs of an exigent market.

The sharp corners and symmetric lines of the drain board along with the sturdiness of the sink ensure long lasting beauty enriched by the steel lid covered drain.

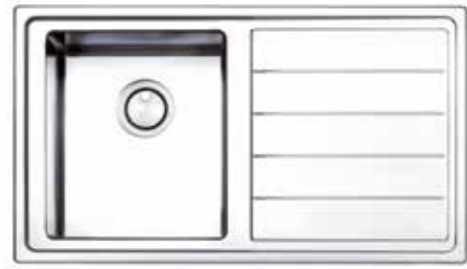

Designed and manufactured in order to fulfill the needs of our customers.

The Linear Plus sinks include the new built-in Flat models. The perimeter edges are smoothed and rectified, allowing comfortable use and perfect integration with the kitchen countertop.

Radius R12

EAPELL

La gamma Radius nasce come naturale completamento delle Serie a Raggio Minimo.

Tutti i modelli prevedono un elegante incasso semifilo che dona un design estremamente moderno ed esclusivo.

Tre vasche sono con foro rubinetto mentre le altre tre sono senza e sono indicate per l'installazione su stratificati e top ceramici, ove previsto il montaggio del Miscelatore direttamente sul Top. Conferiscono eleganza e modernità alla cucina secondo le ultime tendenze di mercato.

Radius range comes as a natural completion of Minimum Radius Series.

All models, have an elegant thin-edge Inset that gives a modern and exclusive design.

Three Bowls are with tap hole while the other three are without and suitable for installation on layered or ceramic Top, where expected the mounting of the Tap directly on Worktop.

They give elegance and modernity to the kitchen according to the latest market trends.

Triple installation

Grazie al **nuovo sistema di fissaggio**, le nuove vasche garantiscono una installazione corretta senza l'utilizzo di spessori aggiuntivi al top. Consigliate per top con spessore da 1 cm a 3 cm. Oltre i 3 cm necessita di scanso sul top. Questa gamma è l'ideale per top stratificati, ceramici con rubinetto installato sul top. Tripla installazione: incasso, filotop e sotto top.

Thanks to the new fixing system, the new bowls guarantee a correct installation with no additional thickness on top. Recommended for top with thickness from 1cm to 3cm. More than 3 cm you need to make a recess on the top. This range is the ideal for laminated and ceramic tops with the tap installed on the top. Triple installation: inset, flushmount and undermount.

Double installation

Grazie alla **nuova architettura**, viene garantita la stabilità del miscelatore, anche di quelli dalle forme e dimensioni più importanti. Lavelli consigliati per doppia installazione incasso e filotop. Top spessore minimo 1,5 cm.

Thanks to the new architecture (see 4 reinforcements under the tap edge), the stability of the mixer is guaranteed, even those with the most important shapes and sizes.

Sinks recommended for double installation, inset or flushmount. Top minimum thickness 1.5.

Linear

Incasso _ Built-in

Linear è una gamma completa di lavelli con vasche ad elevate profondità che permette il lavaggio delle stoviglie più ingombranti e con un design molto raffinato ed elegante. Questo prodotto è particolarmente indicato per l'inserimento in cucine moderne dallo stile minimalista.

Il design unico di questo lavello supera le mode e le tendenze, aiutato anche dal look moderno e accattivante e da un'infinita combinazione di vasche di diverse dimensioni.

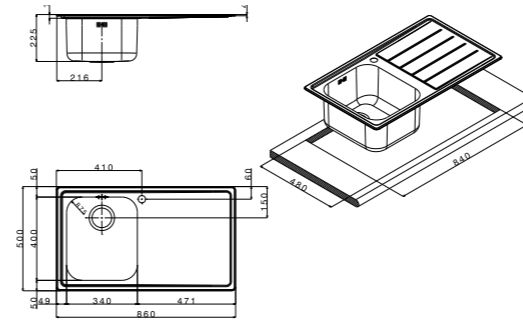

Linear is a complete range of sinks with deep bowls in order to wash larger dishes. Its stylish and elegant design perfectly fits into modern and minimal kitchens.

Its unique design is beyond the current trends also thanks to a modern and captivating look and the number of combinations available.

Torino

EAPELL

Incasso _ Built-in

La ampia gamma Torino è realizzata per chi cerca un lavello dalla spiccata personalità. Il particolare disegno del gocciolatoio, con i sette rilievi, attribuisce al prodotto un generale senso di forza e carattere.

Le vasche Torino beneficiano del foro rubinetto integrato. Questi prodotti possono essere forniti con un'ampia scelta di accessori

The Torino range was designed with the purpose to create a sink with a strong personality. Therefore, its seven bump drain board makes the sink look better defined and bold. The bowls include a tap hole and a range of accessories of choice.

Venezia

La serie Venezia è una gamma completa di lavelli con vasche ad elevata profondità.

Il disegno del gocciolatoio, articolato su più livelli, rende questi lavelli ideali per l'inserimento in cucine classiche ed importanti.

Le linee possenti e le importanti profondità delle vasche sono le caratteristiche salienti di questo lavello.

The Venezia series is a range of sinks with deep bowls. The multilayer design of its drain board is perfect for classic and elegant kitchens.

The prominent line and the depth of the bowls are the most important characteristics of this sink.

Circum

SAPPELL

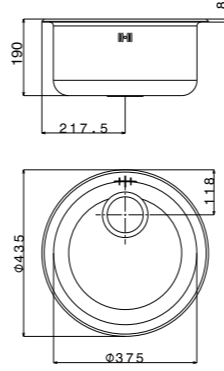

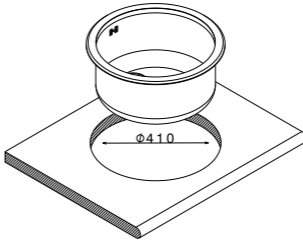

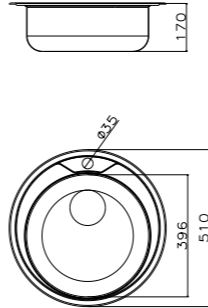

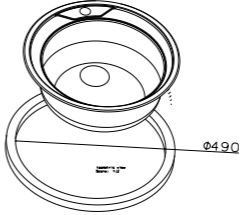

L'ampia raggiatura degli spigoli del lavello Circum, in soluzione incasso, dona grande eleganza, ed è perfetta sia su cucine in stile classico che moderno. Offre nuove idee a quanti desiderano differenziarsi nel loro ambiente più vissuto: la cucina.

Un perfetto lavello in caso di spazi limitati che riesce a garantire un'utile dimensione della zona lavaggio.

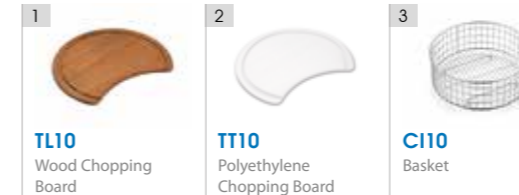

As a built-in sink with wide radius edges, Circum is elegant and perfectly fits into both classic and modern kitchens. It is a perfect match for those who spend most of their time in the kitchen.

A perfect sink in case of limited space that can guarantee a useful size of the washing area.

Pietra Plus

ARPELL

I lavelli serie Pietra Plus si caratterizzano per il loro design unico e senza tempo e dall'estetica minimalista. Il materiale di cui è composto è resistente agli sbalzi termici e alle temperature. L'estrema omogeneità di questo materiale, privo di strati superficiali, lo rende molto resistente ai graffi e ai piccoli urti, facendo rimanere inalterata nel tempo la bellezza del lavello.

The Pietra Plus sinks combine unique design and minimal look. The material used is resistant to thermal shock and the lack of shallow layers on the surface prevent scratches and dents so, its beauty remains unaltered over the time.

Ferrara Zero

Sottotop _ Undermount

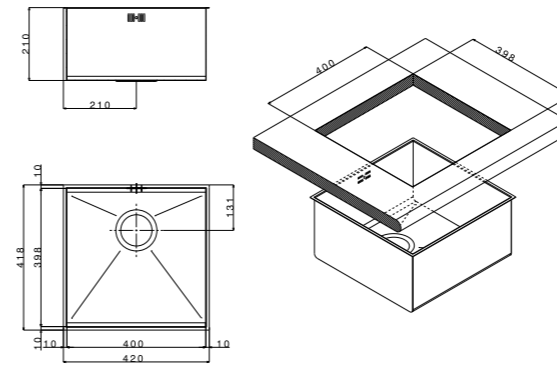

La serie di vasche Ferrara Zero rappresenta il miglior connubio tra design della vasca quadrata e la praticità del raggio interno. Articolo estremamente ricercato nei mercati più evoluti, conferma la giusta direzione intrapresa dalla Apell per offrire prodotti sempre funzionali e di qualità superiore. Questa serie si caratterizza per il disegno a diamante sul fondo della vasca e per l'alto spessore dell'acciaio.

The Ferrara Zero sinks perfectly combine the square-shaped design and the usefulness of the internal radius. This product is extremely popular in established markets and it can be recognized by its diamond design in the bottom of its bowl and the thickness of the steel. It confirm the right direction taken by Apell to offer functional products and superior quality.

Ferrara Plus

EAPELL

Sottotop _ Undermount

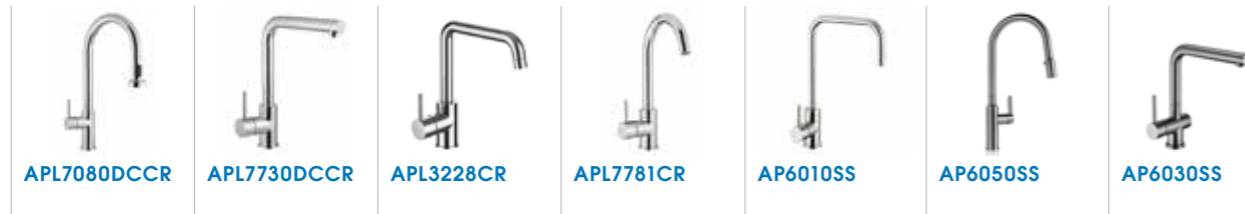

Le vasche serie Ferrara Plus si distinguono per il loro design esclusivo mentre il raggio minimo che le caratterizza agevola le quotidiane operazioni di pulizia del lavello. Tutti i modelli presentano un bordo perimetrale smussato e sagomato.

Ferrara Plus sinks have a unique design and minimum radius thus ease of cleaning is a major feature. All of the models have a wrought and smoothed perimeter edge.

La nuova Gamma Metamorfosi coniuga l'eleganza delle Vasche a Raggio Minimo con la vivacità del Colore, sempre più richiesto dalle ultime tendenze del design e degli arredi d'interni.

Inoltre, la finitura in PVD dona una elevata resistenza ai graffi e all'usura, preservando la bellezza del Prodotto nel tempo.

Metamorfosi aggiunge quel pizzico di originalità in più alla vostra cucina che sarà sicuramente notata e apprezzata.

Per completare il Lavello, la Apell è l'unica Azienda ad offrire Miscelatori in Acciaio Inox con finitura PVD esattamente corrispondente alla colorazione delle Vasche.

The new Metamorfosi range combines the elegance of the minimum Radius Bowls with the liveliness of color, increasingly requested by the latest trends in interior design and furnishings.

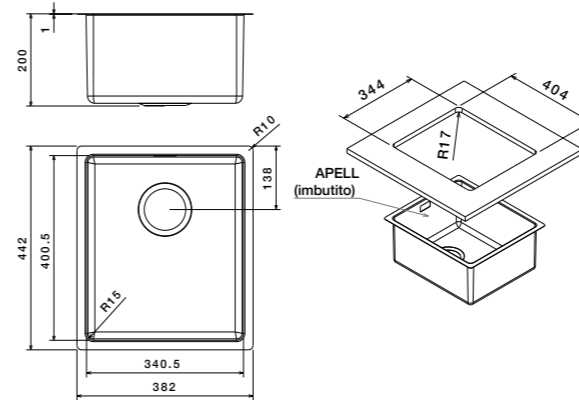

In addition, the PVD finishing gives high resistance to scratches and wear, preserving the beauty of the product over time.

Metamorfosi adds that extra touch of originality to your kitchen that will surely be noticed and appreciated.

To complete the sink, Apell is the only company to offer stainless steel mixers with a PVD finish exactly matching the color of the bowls.

Avvertenze Warnings

I nostri lavelli sono realizzati in acciaio austenitico che – in condizioni normali di utilizzo – è metallurgicamente non ossidabile. Ciononostante, bisogna fare attenzione ad alcune situazioni. La principale caratteristica di questo acciaio è che l'ossigeno presente nell'aria si combina con l'acciaio stesso ricoprendo qualsiasi superficie esposta con una specie di pellicola protettiva che ripara l'acciaio istantaneamente anche in caso di graffi.

a – Contatto con Detergenti a base di Cloro. Il cloro reagisce chimicamente con l'acciaio inossidabile e porta a fenomeni di ossidazione. Alcuni detergenti normalmente in commercio hanno una base cloridrica. Attenzione: anche i vapori di cloro (liberati per esempio da confezioni di detergenti non sigillate) possono portare all'ossidazione.

Pertanto: EVITARE DI UTILIZZARE DETERGENTI A BASE DI CLORO E – NEL CASO – PROVVEDERE AL RISCIAQUO CON QUANTITÀ ABBONDANTE DI ACQUA. NON CONSERVARE DETERGENTI A BASE CLORIDRICA NEL SOTTOLAVELLO.

b – Contatto prolungato con il sale. Il normale sale da cucina contiene Cloro (NaCl); se del sale rimane a lungo a contatto con l'acciaio inossidabile, si possono avere fenomeni di corrosione.

Pertanto: RIMUOVERE EVENTUALI RESIDUI DI SALE PRESENTI SUL LAVELLO.

c – **Contatto con altri elementi ossidati.**

Se l'acciaio rimane fisicamente a contatto con qualche oggetto ossidato, si possono avere fenomeni locali di corrosione. Questa situazione può capitare in special modo nel corso di lavori di ristrutturazione eseguiti quando il lavello è già installato.

Pertanto: **PROTEGGERE LA SUPERFICIE DEL LAVELLO NEL CORSO DI LAVORI DI RISTRUTTURAZIONE DELLA CUCINA.**

Our sinks are manufactured with austenitic stainless steel, which is metallurgically unable of rusting or corroding in normal household conditions. The main feature of these steels is that the oxygen in the atmosphere combines with stainless steel to coat any exposed surface with a sort of protective film, which "repairs" itself instantly even if the surface is scratched. Nevertheless, there may appear rust areas if one of these cases are applied:

a – Contact with Chlorium based detergent. Chlorium does chemically reacts with stainless steel and drives to rust. A number of commercially available detergents do contain chlorium; notice that even vapour of Chlorium detergent (e.g. bottle of detergent without cap) leads to rust.

Therefore: **DO NOT USE CLORIUM BASED DETERGENTS, AND – IN CASE OF INCIDENTAL USE – CLEAN IMMEDIATELY WITH BIG AMOUNT OF WATER. REMOVE PLEASE, ANY CLORIUM BASED DETERGENT FROM THE AREAS AROUND AND BELOW THE SINK**

b – Prolonged contact with cooking salt. Cooking salt contains Chlorium (Chemical formula is NaCl); if any salt remains for sometime on the surface, it leads to rust.

Therefore: **REMOVE IMMEDIATELY ANY REMAIN OF SALT ON THE SINK SURFACE.**

c - **Contact with rust elements or iron powder.**

If stainless steel sink gets in touch with any rusty elements (e.g. rusty screw) or iron powder, the surface below gets rusty as well. This situation usually happens during restoring activities of the house / Kitchen, when personnel works on the house / Kitchen restoring and do not pay attention on the sink itself.

Therefore, **PROTECT THE SINK SURFACE DURING ANY RESTORING ACTIVITY PERFORMED IN THE HOUSE / KITCHEN.**

Strumenti di supporto Support tools

Apell ha inserito nel proprio catalogo alcuni prodotti specifici per la cura del proprio lavello.

IXPN

Panno Ultra-micro fibra (IXPN):

- Per l'utilizzo di tutti i giorni
- Con acqua

IXCR

Crema Specifica per Acciaio Inossidabile (IXCR):

- Per pulizie intensive (p.e. due volte al mese)
- Rimuove anche le macchie più difficili
- Piccola quantità di crema
- Stendere la crema secondo le linee di satinatura
- È abrasiva (non utilizzare su acciai anti-intronta !)

Some tools to help you

Apell added some specific tools for the daily maintenance and cleaning of your sink.

IXPN

A high quality microfiber cloth (IXPN):

- For everyday use
- With water

IXCR

A specific cream for stainless steel (IXCR)

- For heavy cleaning (e.g. twice a month)
- Small quantity of cream in combination with the cloth
- Clean following satin lines (same direction)
- Removes even heavy stains
- Slightly abrasive (don't use on anti-finger surfaces !)

Informazioni Informations

Tipologie

Incasso Bordo 6 / Bordo 7 / Bordo 8 / Bordo 10

Il numero indica l'altezza in mm del bordo del lavello rispetto alla superficie del piano di lavoro su cui poggia.

Incasso Semifilo

In questa particolare categoria di lavelli da incasso, il bordo esterno sottile e inclinato rende l'estetica più pulita ed elegante.

Incasso Flat

È un particolare sistema di incasso in cui il bordo esterno non è piegato, ma piatto e appoggia semplicemente sul piano di lavoro.

Sottotop

Il lavello è montato dal basso, in corrispondenza di un foro incasso molto preciso da praticare con la dima di foratura in dotazione. Gli appositi ganci spingono il lavello contro il top e la guarnizione garantisce la tenuta.

Finiture

Finitura satinata

Questa finitura conferisce all'acciaio brillantezza e facilità di pulizia.

Finitura antigraffio

La trama antigraffio protegge la superficie del lavello da urti ed abrasioni.

Finitura micro-antigraffio

Nuova finitura, caratterizzata da una trama discreta che abbina estetica e resistenza.

Finitura spazzolato

Questa finitura rende l'acciaio brillante, perfettamente abbinato al resto degli elettrodomestici.

Fitting

6-Edge / 8-Edge / 10-Edge Inset

The sink frame is raised by respectively 6mm, 8mm or 10mm above the kitchen surface, and the rim is perpendicular to the work-top.

Thin-Edge Inset

The slimmer, sloping profile of this inset sink results in a more stylish look.

Flat Inset

A peculiar inset system where the sink edge is flat and laid on the work-top.

Undermount

The sink is fit to the kitchen from below. A template is supplied in the packaging to allow a very close cut out, while a set of brackets are provided to push the sink up against the gasket which seals the gap with the work-top.

Finishes

Satin finish

The finish results in a shiny, easily maintained surface.

Linen finish

The linen pattern serves as a protection against accidental scratches.

Micro-Linen finish

This new subtle pattern matches durability and style.

Brushed finishing

This treatment gives to the steel the best finishing, suitable to combine sinks with appliances.

Note

Tutte le misure, tranne ove diversamente specificato, sono espresse in mm.

Apell S.p.A. si riserva di apportare senza preavviso tutte le modifiche che riterrà utili al miglioramento dei propri prodotti. Le illustrazioni, i dati e le descrizioni contenuti in questo catalogo non sono quindi impegnativi ma hanno solo valore indicativo. Per una corretta installazione è indispensabile consultare le istruzioni tecniche e/o la dima di taglio in dotazione a ciascun prodotto.

Per il verso destro(dx) e sinistro(sx) fare riferimento al gocciolatoio.

Miscelatore non incluso (salvo ove espressamente indicato).

Leggere le istruzioni contenute nella confezione.

I prezzi elencati in questo listino sono IVA esclusa.

Tutti i prezzi, i dati, le descrizioni esposti nel presente catalogo possono essere variati o annullati in qualunque momento secondo le esigenze tecniche e commerciali della ditta produttrice, e ciò senza obbligo di preavviso e senza possibilità di rivendicazione da parte dell'acquirente, negoziante o privato.

Sizes are shown in mm unless otherwise indicated.

Apell S.p.A. reserves the right to amend its products without prior notification, as deemed appropriate to improve their features. Therefore, all diagrams and measurements in this catalogue are not binding but provided as a mere indication. For installation please refer to the instructions and/or cut-out templates supplied with the actual product.

For the right(dx) and left(sx) version please refer to the drainer.

Mixer not included.

Carefully read the instructions in the packaging.

VAT not included.
